SAFETY DON'Ts

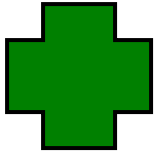

SAFETY DON'Ts

PLEASE DON'T:

- Walk about the ship without your sponsor or a designated escort
- Touch any switches, valves, console panels, or machinery
- Climb in or on any aircraft unless a squadron representative is present
- Drink or eat anything on the Flight Deck or Hangar Deck

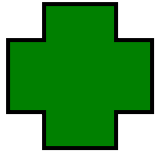

SAFETY DON'Ts

PLEASE DON'T:

- Go on the Flight Deck or catwalks during aircraft launches and recoveries
- Use flash cameras during aircraft landings
- Wear ball caps in any outside area of the ship during flight operations
- Go near any emergencies or operate any fire fighting equipment

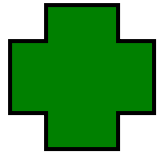

SAFETY DO's

PLEASE DO:

- Stay with your assigned group on tours
- Obey the instructions given by assigned escorts and tour guides
- Know how to get to the hangar bay or flight deck from your berthing area
- Use your hearing protection near loud or noisy areas

SAFETY DO's

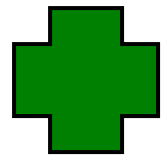

PLEASE DO:

- Stay with you sponsor or assigned escort if you hear “MAN OVERBOARD” or any other shipboard emergency announced
- Watch the Air Power Demonstration with your escort from the Flight Deck in the assigned area
- Watch flight operations from Vultures Row – make sure you have hearing protection

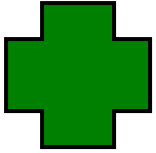

Moving about the ship

- **Always have one hand on the railing when moving up or down ladders**
- **AVOID horseplay – no running, jumping, fighting, chasing, etc**
- **Don't wear rings, watches, jewelry in areas where it may get caught on projections, in machinery, or around energized equipment**
- **Walk in passageways--Don't run**
- **Watch out when approaching a blind corner**

Moving about the ship

- **Know locations of lifeboat and life raft stations**
- **Do not lean against lifelines**
- **Never straddle or step over lines, wire, and chains under tension**
- **Ensure watertight doors closed behind you**
- **Smoke only in designated areas**
- **Wear sunglasses only when topside**
